ANNOUNCEMENT.

IN this, my Second Annual Catalogue, I take pleasure in expressing my appreciation of the liberal patronage extended to the LEXINGTON STOCK FARM during the year just closed; in calling the attention of all to the superior breeding of the stock now on the place, and in soliciting the public patronage, which I expect by fair dealing and reasonable prices to hold in the future.

With breeding the LEXINGTON STOCK FARM can boast also of the superior quality of the animals in its stud and the young things for sale; for while I believe strongly in blood, yet I want it in *horses*, not in weeds, and I prefer a good sound horse with little, *or no*, pedigree to a weed with one as long as the moral law.

The stallions in use are JUDGE SALISBURY 5872 and BARNEY WILKES 7433. Both have breeding, size, style, substance, finish and are natural trotters. The former is too young to have been tested as a sire, but his colts (foals of 1887) have unusual quality, and BARNEY WILKES with worse than poor chances in East Tennessee and Georgia has already contributed to the 2:30 list two performers and sired several more winners of colt races. The breeding and appearance of both will bear critical examination. The mares in use are young, sound and highly-bred. I want no others, for it takes the best material to produce the best results in breeding horses.

My stables are within 10 minutes walk from the Phœnix Hotel, and to all visitors desiring to see my stock a cordial invitation is extended to visit LEXINGTON STOCK FARM.

Respectfully,

O. P. ALFORD, Proprietor.

JUDGE SALISBURY, certainly one of the grandest looking young stallions in Kentucky, represents a distinguished ancestry. Nutwood, his sire, by far the greatest sire of speed yet gotten by a grandson of Rysdyk's Hambletonian, has himself a record of 2:18¾, is represented in the 2:30 list by Felix 2:18¾, Woodnut 2:19¼, Dawn 2:19½, Manon 2:21, Mt. Vernon 2:21½, Menlo 2:21½, and ten more with records ranging from 2:23¼ to 2:29½, and in breeding stands second to no horse in the land, being by Belmont and out of Pilot, Jr.'s most famous daughter, Miss Russell, the dam of Maud S. 2:08¾, Cora Belmont 2:24½, and those rising young sires—Lord Russell, Mambrino Russell and Nutbourne. On Nutwood's breeding further comment is unnecessary.

The dam of JUDGE SALISBURY was fast herself and came from the cross that produced that stout old campaigner, Powers 2:21 and Bess, the dam of Camille 2:25—Volunteer and Jennie by American Star. As the sire of race horses of the "wear and tear" order—horses with speed, stamina and soundness combined with bull-dog courage, Volunteer holds the first place amongst the many great sires whose get have appeared in public. As a racing tribe their equals have never been seen, and in addition to the qualities that made them great upon the track, they inherited from their sire the clean-cut appearance that distinguished him from any horse of the Hambletonian family. Volunteer has to his credit twenty-seven 2:30 horses, and his daughters have produced fourteen, including Amelia C. 2:19¼ and Stephen G. 2:20½. Amongst his best was Powers, record only 2:21, but a "stayer" and the winner of seventeen contested races and forty-three hard-fought heats better than 2:30 Powers was an own brother to Kate, the dam of JUDGE SALISBURY, their dam being a speed-producing daughter of Seeley's American Star, whose daughters have produced forty-three performers with records ranging from 2:17¼ to 2:30 and those famous sires Dictator, Aberdeen, Startle, Walkill Chief, Jay Gould, Arthurton, etc.

The blood lines then of JUDGE SALISBURY are two crosses of Rysdyk's Hambletonian through Alexander's Abdallah and Volunteer, one of Mambrino Chief, one of Pilot, Jr., and one of American Star, all backed by thoroughbred blood that has been tried and not found wanting. It is a royal pedigree, and in it appear four great producing dams, viz.: Miss Russell, Belle, Lady Patriot and Jennie. Such blood rarely fails to produce trotters.

With his breeding JUDGE SALISBURY is a horse of unusual finish and style, good bone and muscle and excellent disposition. He will stand the most critical inspection.

Judge Salisbury stands at $100 the season, with privilege of return.

That George Wilkes, all things considered, was the greatest horse that ever lived there can now be no dispute. When seventeen years old he was retired from the track with a combined record of 2:22 to harness, 2:25 to wagon and 2:28 to pole, and did stud service for nine years, from 1873 to 1882, during which short period he sired more trotters than any horse ever sired in any length of time. Though young, twenty-four of his sons have sired fifty-five performers in the list, including Prince Wilkes 2:16, Oliver K. 2:16¼, Phil Thompson 2:16¼, Sable Wilkes (the fastest three-year old) 2:18, Rosalind Wilkes 2:18½, and William H. 2:18½. In fact, no blood has produced as much extreme speed in the same length of time as that of George Wilkes, and none is in greater demand than that of his well bred sons that have demonstrated their merit.

Barney Wilkes is certainly well bred enough to satisfy all, and with the poorest of poor chances has demonstrated that he is a great sire. He was foaled in 1875 and sold as a yearling to East Tennessee, where he remained till 1879. Of the colts sired by him there I can find but three, viz.: Champion Wilkes 2:22¼, Barry Wilkes, record 2:37, but driven by Mike Bowerman over the Lexington track in 2:27, and a mare always used on the road. From Tennessee he was sold to Georgia, where he was bred to a few mares of indifferent quality and little or no pedigree. From them even he got many winners of stake races, amongst them Lena Wilkes, four year old record 2:29¼. On what was done with him in Georgia I quote from a letter of S. P Salter, from whom I purchased him:

"I bought Barney Wilkes in 1879 at Macon, Ga., during the Fair, of young Mr. Calphiss, a nephew of Mr. Brannon's. He was then four years old. I brought him home and worked him on a half mile track, thrown up in an old field, and trotted him the fall of 1880 at five meetings in Georgia and Florida and won all the races I started him in, except at Albany, Ga., and gave him a record of 2:44½. In 1881 I bred one mare to him, Jin Burner, and in January, 1882, she dropped Mary S. In the spring of 1881 I sent him to Columbia, Tenn., to Mr. Ed. Geers, the trainer, and he worked him up to June and wrote me that he worked him in 2:36. I brought Barney back to Georgia in the fall of 1881. In the spring of 1882 I bred several mares to him, and some for my neighbors. Only two of

the succeeding foals of 1883 have been trained, Lena Wilkes and Jordon Wilkes. In the spring of 1883 Barney went to Danville, Ky., to make the season. The only two colts of Barney's I ever knew of being worked that were bred before I got him is Champion Wilkes 2:22¼ and Barry Wilkes 2:37. Mike Bowerman told me he drove Barry Wilkes in 2:27. His next oldest colt is Mary S., the only one he got that year, record 2:45, made at Jacksonville, Fla., in February, 1886, over a mean sandy half-mile track, and was able to trot in the fall of 1886 in 2:30 or better. Lena Wilkes 2:29¼ and Jordon Wilkes are his two oldest colts and the only two at that age that were worked. Jordon Wilkes showed me a mile in 2:40 and I sold him. These five are the only ones of Barney's get that have ever been trained, two of them with records better than 2:30, another, Mary S., timed in a race at St. Louis better than 2:30, and Barry Wilkes able to trot better than 2:30 when called on. These are four, and the fifth one, Sam Wilkes, full brother to Lena Wilkes, at three years old, with one season's handling, showed a mile in 2:40. I think this is as good a showing as any horse living or dead can make of his first five colts, especially when out of mares that have no pedigree. I drove two of his three-year olds this summer and gave them both records at Athens, Ga., of 2:49½, and both showed that they could trot a mile in 2:40. Those two were Sam Wilkes and Lizzie S. I have never seen one of Barney's colts in a race that was not level-headed and game to the last. S. P. SALTER."

From the above it can be easily seen that the George Wilkes and Pilot, Jr. blood in Barney Wilkes under the most adverse circumstances has asserted its superior quality; for with everything against him, Red Wilkes, Onward, Alcantara, Ambassador, Alcyone and Young Jim are the only sons of George Wilkes that lead him in 2:30 performers, and we have every reason to believe that several of his get will enter the 2:30 list the coming season. With speed he imparts to his progeny good color, nice finish and excellent gait. No one ever saw a poor gaited colt by him, and his get are dead game. I know of no son of George Wilkes with the equal breeding, to say nothing of his 2:30 performers, standing at less than $100, yet I have concluded to stand him during 1888 at only

$50 the season with privilege of return.

HAMBLETONIAN MAMBRINO 2:21¼, by Curtis' Hambletonian, sire of Flora B. 2:24½, Andy Mershon 2:25½, Sunshine 2:29¼.
Dam, Topsy (dam of Lady Ethan, dam of Queen Wilkes 2:23¾), said to be by Alexander's Abdallah.

CURTIS' HAMBLETONIAN, own brother to Milwaukee (sire of Adelaide 2:18), by Rysdyk's Hambletonian.
Dam, Dolly Martin (dam of Volney 2:23 and Romeo 2:29¼), by Defiance.

YOUNG HAMBLETONIAN, by Rysdyk's Hambletonian.
Dam by Hulse's Hickory.

Hambletonian Mambrino, record 2:21¼ in sixth heat of a race, got Wild Rake, the best three-year old of 1886. He is a horse of high finish and imparts unusual quality to his get. NORTH STAR is one of the very handsomest colts he ever got, is nicely gaited and ought, coming as he does from so great a family on the dam's side, to make a trotter.

Dam, Madam Temple (dam of Flora Temple 2:19¾ and Bland Temple, dam of Nora Temple 2:27¼ and Temple 2:30), by Spotted Horse.

TOM PUGH is by the reigning king of the Wilkes family and out of a mare that as a three-year old showed a trial in 2:30 and afterwards a mile to road wagon in 2:39. Through George Wilkes and Alexander's Abdallah he inherits two crosses of Rysdyk's Hambletonian, and from Queen Dido and Maid of Ashland he gets two of Mambrino Chief. His dam, with a Pilot top cross is descended from old Grey Bacchante, from which mare descended Bacchante Mambrino, Minerva and other famous brood mares.

With his breeding he is fine, solid and substantial. I think him one of the best colts I ever saw.

Dam of Messenger blood.

WHITEHALL, by North American, sire of the dams of Laura Williams 2:24½, Charley Mac 2:25, Strathmore, sire of twenty-two in 2:30 list etc.

Dam by Cock of the Rock, son of Duroc, by Imp. Diomed.

HILL'S BLACK HAWK, by Sherman Morgan, by Justin Morgan.

Dam, a black mare.

Pilot, Jr., was one of the greatest of early day trotting sires and the only horse that ever sired the dams of two with records of 2:10 or better. Bayard, by the records, is his best son, and his daughters promise to become famous as speed producers. Already with indifferent chances they have produced Jane R. 2:26¼ and Jerry L 2:28½.

Aimee possesses speed, pluck and individual excellence. She started in eight races, five of which she won, was second twice and unplaced once. Her record is far short of her speed, for in October, 1885, she trotted a trial over the Lexington track in 2:26 and repeated in 2:22½. Her first foal is a filly of which any owner could be proud.

Bred in 1887 to Judge Salisbury 5872.

First dam, Puss Prall (dam of Lady Stout 2:29), by Mark Time.

Second dam, Cora, by Daniel Webster, son of Lance, by American Eclipse.

EGLENA is of good size, high finish and remarkable speed. I think she can beat 2:30 with very little handling, and expect to work her during 1888. Her breeding is identical with that of Lynnie, a two year old that in 1887 showed her ability to trot in 2:30. I consider her valuable for a brood mare.

No. 19.
